

TWELVE INNINGS OF HARD PLAYING

Lands Paducah Safely in the First Position.

Big Pat Downing Is Feature Behind the Bat—Tadlock in Form—Few Hits.

MATTOON WINS FROM CAIRO.

Team Standing.

	W.	L.	Pct
Paducah	10	10	.500
Vincennes	15	11	.577
Danville	14	12	.533
Cairo	13	13	.500
Jacksonville	11	13	.458
Mattoon	7	17	.292

Where They Play.

Cairo at Mattoon.
Paducah at Vincennes.
Danville at Jacksonville.

Yesterday's Results.

Paducah, 6; Vincennes, 5.
Danville, 7; Jacksonville, 2.
Mattoon, 8; Cairo, 6.

Vincennes, Ind., May 29.—It took the Indians 12 innings to defeat the Hoosiers, but the trick was turned. Nippert in the second inning was benched for throwing a ball at the umpire and big Pat Downing caught the remainder of the game out. The hits were few and far between, the game being confined to hard ball playing on infield and outfield.

Tadlock showed up in great form and Whitley was also there with the goods. Both pitchers received excellent support and the game went with a snap from start to finish. Nippert's successor showed up to an advantage and threw men out on bases at will. His catching was a feature of the game and a deal is on to secure the big catcher.

The score:
Inn. 1 2 3 4 5 6 7 8 9 10 11 12
Pad. 0 0 0 2 0 1 0 0 0 0 0 0
Vin. 2 0 0 0 0 0 0 1 0 0 0 0
R H E
Paducah 6 5 2
Vincennes 5 5 3
Batteries—Tadlock, Nippert and Downing; Whitley and Matteson.

Mattoon Wins.

Mattoon, Ill., May 29.—The locals showed superiority in stick work and won from the Reds with ease. The exhibition was tame from start to finish and not once in the entire game did the visitors make it interesting for the locals.

The score:
R H E
Mattoon 5 13 0
Cairo 6 6 3
Batteries—Jokerst and Chissell; Morgan, Christman and Wolfe.

Danville Still Coming.

Jacksonville, Ill., May 29.—The Soldiers seemed to have forced on a batting streak and took today's game with ease. A total of 12 healthy bingles tells the reason why the locals were whipped. Ames was not in form and was punished severely, but he was not removed. The locals were unable to find Selby's delivery and secured but four safe bingles.

R H E
Danville 7 12 9
Jacksonville 22 4 2
Batteries—Selby and Quieser; Ames and Belt.
Umpire—Wilkinson.

THE BIG LEAGUES.

American League.

New York, May 29.—All American league games were postponed on account of rain.

National League.

St. Louis 5, New York 4; batteries, Thompson and Grady; Willis and Bresnahan.

Chicago 8, Boston 2; batteries, Brown and Moran; Lindeman and Needham.

Cincinnati 5, Philadelphia 3; batteries, Fraser and Livingston; McCloskey, Ritchie and Dooin.

Pittsburg-Brooklyn, rain.

Business Team Lineup.

Lineup for young business men's ball team for tomorrow's game at the park against the High school team: Clay Kidd catcher; Eulie Arnold, pitcher; Tom Settle, first base; Tom Coburn, second base; Will Rudy, third base; Will Hensberger, short stop; Zach Hayes, left field; Harry Singleton, center field; Will Rink, left, right field; Guthrie, umpire. Game at 3:30, Wallace park. Yeager and Cope battery for High school.

Dope.

"His Jags," King Farnbaker the First, speaks about "reversible opinion."

Malaria Causes Loss of Appetite.

The Old Standard Grove's Tasteless Chill Tonic drives out malaria and builds up the system. Sold by all dealers for 27 years. Price 50c.

PUNISH LYNCHERS MOODY'S NOTION

Chattanooga Mob and Officers in Contempt.

Prisoner Had Been Granted Appeal to United States Supreme Court At Time.

MUST APPEAR TO SHOW CAUSE

Washington, May 29.—The government has taken steps to punish the persons who are responsible for the lynching in Chattanooga, Tenn., on March 19, last, of the negro, Ed Johnson, who, under the sentence of death for rape, had been allowed an appeal by the United States supreme court from the circuit court of the United States for the eastern district of Tennessee. In the supreme court today Attorney General Moody filed an information requesting that in consideration of the acts committed by the parties named it issue a rule upon each of them to show cause why they should not be punished for contempt of the court.

RIVER NEWS

River Stages.

Cairo, 16.1, 2; falling.
Chattanooga, 3.9, 3; rising.
Cincinnati, 9.3, 1; falling.
Evansville, 6.8, standing.
Florence, 3.0, 5; rising.
Louisville, 4, standing.
Mt. Carmel, 2.5, 1; falling.
Nashville, 8.6, 5; rising.
Pittsburg, 6.0, 3; falling.
Davis Island Dam, 4.7, 8; rising.
St. Louis, 13.7, 3; rising.
Mt. Vernon, 6.6, 7; falling.
Paducah, 6.2; standing.

The gauge registered 6.2 this morning with no fall in the last 24 hours. Weather clear.

The City of Saltville left yesterday at 1 o'clock for the Tennessee river, arriving here before noon from St. Louis.

The Buttrick left at noon yesterday for Clarksville, Tenn., returning Wednesday, when it leaves for Nashville.

The Clyde arrived yesterday afternoon at 5 o'clock from the Tennessee river. It will leave Wednesday evening at 6 o'clock on the return trip.

The Dick Fowler left this morning for Cairo to return tonight at 10 o'clock.

The John S. Hopkins was the regular Evansville packet today, arriving at 10 o'clock and departing at 11.

The Georgia Lee is due to pass up from Memphis Thursday bound for Cincinnati. The Peters Lee will pass down from Cincinnati for Memphis Saturday.

The Savannah will leave St. Louis tomorrow evening for the round trip up the Tennessee river.

Will Riecke's launch was nearly swamped Sunday afternoon by the heavy waves caused by the strong wind. It was where the ill-fated Goldconda was overturned that they shipped two heavy waves filling the boat half full of water. They managed to reach the shore, and after a great deal of trouble finally arrived home.

The wind at that point gets a clear full sweep so that small launches stand little chance of making headway against it.

Pilot John Stout and Fritz Street of the steamer City of Saltville, furnished the pilots' rooms with an elaborate and accurate report of the channel from Cairo to St. Louis. The stage of water and changes of channel required frequent soundings and the changes of channel made numerous crossings necessary.

New Harmony Register: Down the cutoff a few hundred yards below Old Dam, the cave in of a high bank on the island side exposed a large heap of old mussel shells that had evidently been piled there at a time when the course of the main river was there—probably centuries ago.

The top shells were five or six feet below present sea level. Perhaps there were pearl hunters on the Wabash long before the white man invaded this country with fire, sword and other civilized customs.

Official Forecasts.

The Ohio at Evansville and Mt. Vernon, not much change during the next day. At Paducah and Cairo will continue falling during the next 24 hours.

The Tennessee at Florence, not much change during the next 24 hours. At Jacksonville will continue rising during the next 24 hours.

The Mississippi, from below St. Louis to Cairo, no material change during the next 24 to 36 hours.

GOVERNMENT

BELIEVES IN ADVERTISING AND IS SUCCESSFUL.

War Department Runs Regular "Want Ad" in Paducah Evening Sun—Result.

Lieutenant William L. Reed, of Evansville, will come to the city tomorrow to swear in the men enlisted at the local recruiting station. There are five men to be sworn into the service.

There are two ways that these men learn that a recruiting station is in this city. One is by word of mouth and the other is by the advertising the government does. Wherever there is a recruiting station if there are any newspapers published there, an advertisement will be found in one or more running like this: "WANTED FOR U. S. ARMY—Able bodied unmarried men between ages of 21 and 35; citizens of the United States, of good character and temperate habits, who can speak, read and write English. For information apply to recruiting office, New Richmond house, Paducah, Ky."

The war department must believe that this is good advertising for it is kept up as long as a recruiting office remains in any city. Such an advertisement has been running in The Sun for weeks and is known to have called the attention of many men to the fact that a recruiting station is in this city. It appears daily in the "TIPS" column of want ads.

ILLINOIS CENTRAL EXCURSION BULLETIN

Paris, Ky.—Grand Commandary Knights Templar of Kentucky. Dates of sale May 21st and 22nd. Limit May 25th, 1906. Rate for the round trip \$12.75.

FORMER PADUCAHAN.

James L. Glass, Instituting a New Amusement Venture.

The Memphis News-Scimitar says: "James L. Glass, former manager of Fairlyland park, left for New York Thursday night to make arrangements for a new \$100,000 summer amusement park for Atlanta, Ga. He will confer with Dundee & Thompson, proprietors of the New York Hippodrome and "Dreamland," on Coney Island, who are said to be backing the proposed Atlanta park. Mr. Glass, if the deal is effected, probably will become manager of the new amusement resort."

Mr. Glass lived in Paducah when a boy, but has been away a number of years. He has resided in St. Louis and Memphis and has been identified with several successful theatrical ventures. His Atlanta project is quite a big thing.

IRON CRANE

TO BE INSTALLED IN ILLINOIS CENTRAL SHOPS.

Blacksmiths Need Equipment for Handling Heavy Work—Holiday Observed Tomorrow.

The big iron crane which has been under course of construction for several weeks, will be installed tomorrow in the Illinois Central blacksmith shops and will give this department every facility for handling the big heavy work. One iron frame crane was built in the east end of the shop leaving a wooden crane in the rear. The wooden crane proved inadequate. The new crane is for handling axle welding and such heavy work, necessitating the use of the steam hammers.

Shops Close.

The Illinois Central shops will close tomorrow, Decoration Day, and employees will be given a holiday. The order was received last evening from Chicago and is effective the next fire system over.

Inspection Trip.

A. D. Brooks, formerly supervisor of water works on the Louisville division, but now supervisor of fire protection for the entire system with headquarters in Chicago; F. D. Bowman, fire inspector of the system, and C. R. Knowles, supervisor of water works on the Louisville division, composed a party of inspection of fire protection conditions on the Illinois Central. Conditions were inspected here and everything found in first-class order. They left today for Louisville to inspect the fire protection arrangements there. Their itinerary includes the entire system.

Splintered in His Foot.

The ten-year-old boy of Mr. Gas Lockwood, the contractor ran a large splinter through his foot this morning. Dr. Sights dressed the injury and he is now getting along all right.

The Maxes Goes Down.

Alderny, Channel Islands, May 29.—The German steamer Maxes, of Hamburg, one of a fleet of the Levantian line, was wrecked this morning. It is not known whether there was any loss of life.

2659—Moore, Martha, Res., 1207 N. 14th.
2662—Cheek, Mrs. J. S., Res., 314 N. 6th.
2661—Cosby, F. G., Res., Glenwood.
2663—Whitehead, W. J., Res., 1721 Madison.

Like other commodities telephone service should be paid for according to its worth and value.

We have in the city over 3,000 subscribers or five times as many as the independent company; outside the city and within the county we have 63 times as many subscribers as the independent company. Yet we will place a telephone in your residence at the same rate the independent company is supposed to charge, and provide in addition, long distance facilities which will enable you to reach fifty million people from your home.

Call 300 for further information. EAST TENNESSEE TELEPHONE COMPANY.

Seeing is Believing

You who have eczema, skin diseases, pimples, or even bad complexion, you can see the cause of your trouble.

Any specialist can place a small piece of your skin under a powerful microscope and let you see the cause of disease—tiny, sand-like grains of uric acid.

But let us explain how skin diseases are caused.

HOW URIC ACID CAUSES SKIN DISEASES

Uric acid is a poisonous part of the body's waste matter.

Your blood always contains some uric acid, but when you eat too much or your system gets run down your blood becomes full of uric acid.

Then these little sand-like grains of uric acid stick in the tiny blood vessels in your skin. They cut their way into the tissues of the skin itself.

If only a few of these uric acid grains lodge they simply make the skin unhealthy, and a muddy complexion or pimples results. If a large amount of them lodge, eczema or tetter or other skin diseases are the certain result.

LIFE PLANT DRIVES OUT URIC ACID

How can you possibly get uric acid out of the inside of the skin by applying a cream or salve on the outside?

Plainly, to cure eczema or to clear your complexion, the uric acid grains must be dissolved out through the blood, taken out through the same channels in which they got in.

LIFE PLANT dissolves out the uric acid. It is a natural solvent for uric acid and the greatest agency known to science for eczema, skin diseases and all ailments caused by uric acid.

LIFE PLANT is not a patent medicine. It is used by the greatest specialists.

SYMPTOMS OF URIC ACID DISEASES

Poor digestion, constipation, headache, backache, deposits of uric acid in urine when allowed to stand—these show the beginning of uric acid diseases. Deposits in the skin, with pimples, eczema and other skin troubles are only a few of the many resulting diseases.

R If you have eczema, you can be cured. If you have pimples, muddy complexion, your complexion can be cleared. Remove the deposits of uric acid. Take LIFE PLANT. Act at once. Don't wait for further disease.

BOOKLET AND MEDICAL ADVICE FREE

Free medical advice in eczema and skin diseases may be had by writing I. J. Mizer, M.D., President, Life Plant Co. Write for free valuable booklet on "Good Health." Write at once, now. Your druggist sells LIFE PLANT.
